

PRODUCT INFORMATION SHEET

Cutting cable pliers

Product description

Pliers for stripping insulation from round cables and for cutting single- and multi-core cables and cables made of copper, aluminium and for cutting elements made of PVC. For medium and heavy loads. Used in electronics, electrics, telecommunications and other assembly works.

Characteristics

- blade made of high-quality chrome-vanadium alloy steel;
- cable stripper in the range from 1.3 to 8.0 mm² (16-8 AWG);
- blade for cutting cables with a maximum section of 10.5 mm²;
- hardened and specially shaped cutting edges to prevent wires and cables from slipping during cutting;
- a spring that opens the handles automatically, significantly improves the work of the tool;
- a closure enabling the pliers to be blocked against self-opening;
- durable, resistant to deformation;
- total length of the pliers: 185 mm;
- bi-material, shaped, anti-slip handle for a comfortable grip and work comfort.
