

PRODUCT INFORMATION SHEET

Crimping pliers for thin-walled ferrules

Product description

Crimping pliers for thin-walled ferrules used in telecommunications, electronics and other assembly works.

Characteristics

- a six-jaw die for crimping thin-walled ferrules enables the preparation of a hexagonal terminal block;
- designed for cables with cross-section in the range of 0.25-6.0 mm² (23-10 AWG);
- durable, resistant to deformation;
- shaped, anti-slip handle for a comfortable grip and use of pliers.
