

PRODUCT INFORMATION SHEET

Tube cutter 14-63mm

Product description

Quick-acting cutter for copper (Cu) and aluminium (Al) pipes. Ensures precise cutting of pipes. The quickadjustment function enables to move the blade to the pipe to be cut and quickly set the correct size of the cutter. When work is finished, the blade is released to its maximum opening position at the touch of a button, so that the cutter is immediately ready for further work.

Characteristics

- durable and robust body made of aluminium alloy
- specially hardened cutting blade made of GCR15 steel and guide rollers for fast and even cuts
- 55-58 HRC blade hardness
- guide rollers: 2 for HT1P611 and 4 for HT1P614
- deburrer for smoothing out the cut surface
- stepless adjustment of the cutting range
- does not deform the pipes
- ensures a quick and clean cut
- a spare blade provided in the handle.
