

PRODUCT INFORMATION SHEET

Insulated screwdriver PZ2 100 mm, 1000 V, CrMo steel

Product description

PZ screwdrivers, certified for working on live electrical wires at voltages of up to 1000 V. Designed for cross-recessed slotted screws. The driver has four extra edges that increase the surface of contact with the screw head. The thin shaft allows for working with deeply located screws and bolts.

Characteristics

- product description pZ screwdrivers, certified for working on live electrical wires at voltages of up to 1000 v. designed for cross-recessed slotted screws. the driver has four extra edges that increase the surface of contact with the screw head. the thin shaft allows for working with deeply located screws and bolts.
- compliance with din 60900
- vde 1000 v rated
- made of high quality chromium-molybdenum alloy steel
- durable, resistant to damage and deformation
- insulated magnetic tip increases precision and comfort when working
- bi-material handle with specially formed anti-slip surface for high speed torque transfer
