

PRODUCT INFORMATION SHEET

Cordless impact wrench 400NM

Product description

Cordless impact wrench with 400 Nm torque and with a replaceable battery provides freedom of operation regardless of access to electricity or pneumatic network. It is perfect for works in car services, tyre service and mechanical workshops, as well as at the construction sites for assembly works. It is equipped with a new generation brushless motor in order to meet the highest challenges. Packed in a handy and durable case, which enables transport and storage of the device.

Characteristics

- brushless motor
- durable aluminum composite housing
- 1/2" anvil
- 200/300/400 Nm torque
- rotational speed 1600/2000/2600 RPM
- impact rate 1800/2500/3300 IPM
- voltage 20 V
- 2.0 Ah battery,
- charging time 1 hour
- M10-M20 bolt range
- LED lamp enabling illumination of the working part
- lightweight and well-balanced centre of gravity
- 3-step adjustment of rotations
- left / right rotation switch with smooth regulation
- 3 LED indicating the battery charge level
- contoured, anti-slip ergonomic handle ensuring safety and comfort of work
- practical holder for belt attachment
- possibility of using a backup battery - HT2E210.
