

PRODUCT INFORMATION SHEET

Measuring tape 8m 25mm auto stop nylon w/magnets

Product description

Compact, universal tape measure, a must-have for any renovation and finishing works, at the construction site or in every household. Made in accordance with the EU Measuring Instruments Directive (MID).

Characteristics

- Accuracy class II;
- made in accordance with the EU Measuring Instruments Directive (MID);
- steel tape with a thickness of 0.12 mm, covered with nylon, increasing the durability and resistance of the printed layer against abrasion;
- automatic tape locking mechanism released with a button for easy measurement;
- tape with double-sided print in horizontal and vertical arrangement, especially useful for measuring vertical elements;
- hook tip with two built-in magnets allows the tape to be attached directly to any steel plane;
- tip fastening reinforced with two rivets (HT4M400 and HT4M401) or three rivets (HT4M402);
- cover components made of anti-skid material, allowing for a comfortable grip.
