

PRODUCT INFORMATION SHEET

Spray Gun with Top Cup, 100 ml

Product description

An all-purpose spray gun designed for spraying material onto the parts to be coated. Designed with HVLP technology, which ensures very-low material loss, thanks to low-pressure operation. Applications in the coating, automotive and joinery industries.

Characteristics

- High performance
- Top cup with capacities of
- Nozzle diameters
- Average air consumption/intake
- Maximum input pressure
- 1/4" quick-fit coupling
- Adjustment control for air and spray material
- High-precision material feeding
- Anti-slip holder
- Lightweight and convenient design

30/2 PSI/BAR (HT4R718)
