

PRODUCT INFORMATION SHEET

BOMST Protective spectacles transparent uni

Product description

BOMST safety glasses are distinguished by modern design and innovative technologies, ensuring maximum eye safety in working conditions. The frames are made of nylon and the lenses are made of polycarbonate, which guarantees their durability. The temples of the glasses are adjustable in angle of inclination, and their tips are soft, which increases the wearing comfort. The soft, flexible nose pad adapts to the shape of the wearer's face, ensuring stability without pressure.

Characteristics

- frame material: nylon (PA);
- lens material: polycarbonate (PC);
- temple material: nylon (PA);
- nose pad material: polycarbonate (PC);
- lens designation: H EN166 FT CE - 2C-1.2 H 1 FT CE;
- lens filter 2C-1.2 (EN 170);
- applicable standard EN 166:2001/EN 170:2002;
- lens optical class 1;
- impact resistance F (45 m/s);
- resistance to high velocity particles at extreme temperatures T;
- temples with adjustable angle of inclination - front/back;
- temple tips: adjustable;
- nose pad: soft, flexible, adapting to the user, ensuring a fit without pressure;
- coating: anti-scratch (external side resistant to scratches);
- PPE category - II;
- CE conformity mark;
- protective filter: UV 380;
- metal-free product;
- lens colour: transparent;
- product weight [g]: 25.4.
