

PRODUCT INFORMATION SHEET

NIMS hi-vis summer bomber jacket safety yellow 2XL

Product description

Modern high-visibility jacket, without insulation. It is distinguished by lightweight and breathability, it ensures maximum wearing comfort. It protects against rain (water resistance 2000 mm H₂O) and wind. It increases safety when staying in conditions of reduced visibility, e.g. when moving at night and during bad weather conditions, e.g. rain or fog. The product is aimed at industries in which employees must be visible, e. g. people building roads, streets, refineries, people working in ports, on oil rigs, at mining shafts, airports or mountain rescue.

Characteristics

- material: 100% polyester, Oxford 300D, PU coating, water resistance 2000 mm H₂O;
- welded seams to protect against soaking;
- fixed hood with 3D regulation, which allows you to adjust the height and depth of the hood;
- high-visibility strips provide visibility in harsh conditions;
- equipped with 4 pockets:
 - 2 lower pockets;
 - 1 pocket on the left sleeve with 5 compartments;
 - 1 inner pocket for documents;
- sleeve cuff and bottom of the jacket finished with puller.
