

PRODUCT INFORMATION SHEET

Warm shoes

Product description

Men's safety ankle boots DOSSE with uppers reaching over the ankle. Designed to protect the foot against external factors. Compliant with the S1P safety class according to ISO 20345:2011. Made of high-quality KPU material, they perfectly combine the fashionable, stylish design of sports shoes with the advantages of safety shoes. The shoes are equipped with a composite toe cap and a Kevlar insole, which allows you to work on the ground with sharp protruding objects. Due to the anti-slip sole, they are perfect for walking on uneven and slippery surfaces. Shoes recommended in the logistics, transport, automotive industry, renovation and construction works.
