

PRODUCT INFORMATION SHEET

Diamond hole saw 20 mm

Product description

Diamond hole-saw drill bits designed for boring holes in hard concrete materials, stone tiles, gres tiles, and other ceramic products. Intended for dry and wet applications.

Characteristics

- coated with bort (low quality diamond), fastened using special vacuum technology, capable of carrying out dry holes;
- high diamond concentration;
- handle with M14 thread enables working with angle grinders;
- handy plastic tube makes storage a lot more convenient.
