

PRODUCT INFORMATION SHEET

Tool organizer, low

Product description

A tool organizer with a cover made of polycarbonate is used to store construction and workshop tools, etc. It was designed for demanding users. It is equipped with 4 removable cups that allow for storage of small tools, accessories and other items. Durable metal hinges ensure safety during transport. The organizer ensures easy connection with other boxes of the compatible modular box system. Designed for professional use. It is perfect for many sectors such as construction, industry, automotive and logistics.

Characteristics

- equipped with 4 removable cups optimizing space;
- protection against flooding and dust;
- body made of polymers, provides increased resistance to mechanical damage;
- compatible with other elements of the modular boxes system.
