

Steering rod puller 35-45mm

Termékleírás

The wrench is used for unscrewing, screwing and adjusting the inner joints of the steering rods. Suitable for all types of tie rods, in most models of motor vehicles. The instrument allows you to perform the repair without dismantling the steering mechanism. Used in professional garages and car services.

Jellemzők

- drive: 1/2" or 27 mm spanner;
- operation in the range of 28-35 mm (HT8G227) and 35-45 mm (HT8G228);
- key length 395 mm (HT8G227) and 400 mm (HT8G228);
- Thanks to its design, it facilitates work even in hard-to-reach places.
