

PRODUCT INFORMATION SHEET

Oil drainer pan

Product description

Oil drainer pan that enables collecting waste oil during its replacement, as well as used for working with other operating fluids. It will find application mainly in workshops and automotive services.

Charakteristics

- made of durable and reinforced HDPE plastic, prevents cracks and fluid spillage;
- handles ensuring safe grip, particularly important during carrying and pouring the content;
- funnel for convenient and quick pouring of the content into the barrels;
- 13 cm depth makes it easy to carry a full tank;
- 10 l capacity will be perfect for servicing cars and vans;
- resistant to chemicals and weather conditions.
